Crewman's Life Aboard U-505:

2 of 2 review helpful Startling good By Cheryl Lewis After touring the U 505 at the Chicago Museum of Science and Technology I was mesmerized and hungry to know more Learning a book had been written by one of its captured crew members I was eager to read it but never dreamed it would be this well written and comprehensive It s not distressingly technical but is a fascinating account of everything this author could re Hans Goebeler is known as the man who ldquo pulled the plug rdquo on U 505 in 1944 to keep his beloved U boat out of Allied hands Steel Boat Iron Hearts is his no holds barred account of service aboard a combat U boat It is the only full length memoir of its kind and Goebeler was aboard for every one of U 505 s war patrols Using his own experiences log books and correspondence with other U boat crewmen Goebeler offers rich and very personal details about what hellip successfully bridges the disparity in between U 505 as merely a modern museum exhibit and a place of validation and comfort for those who served aboard the vessel on its wartime patrols hellip provides a true account of his experiences aboard the U 505
