From Peter Lang AG, Internationaler Verlag der Wissenschaften : Hungary and Romania Beyond National Narratives: Comparisons and Entanglements (Nationalisms across the Globe)

## Hungary and Romania Beyond National Narratives: Comparisons and Entanglements (Nationalisms across the Globe):

This volume explores bilateral relations between Romania and Hungary and examines the entangled history of their two peoples. Going beyond traditional nation-centred narratives, the contributors approach the shared pasts of Romanians and Hungarians within a transnational research framework. Writing the history of Romania and Hungary within a unitary framework rather than in isolation allows for a more complete illustration of the complex history of the East-Central region. About the Author: Anders E. B. Blomqvist is a doctoral student at the Baltic and East European Graduate School (BEEGS) at Stockholm University. His research interests include the historiography and modern social and economic history of East-Central Europe.
